Alba Wheels Up International, Inc. is a Non-Vessel Operating Common Carrier (NVOCC) licensed by the Federal Maritime Commission (FMC) operating under FMC organization number 015337.

NOTICE TO TARIFF USERS (C)

Carrier has opted to be exempt from tariff publication requirements pursuant to 46 CFR §520 and 532. In that respect Carrier has opted for use of Negotiated Rate Arrangements (“NRAs”) in both import and export trade lanes. NRA means the written and binding arrangement between an NRA shipper or consignee and Carrier to provide specific transportation service for a stated cargo quantity, from origin to destination on and after receipt of the cargo by the Carrier or its agent (originating carrier in the case of through Transportation).

Carrier hereby is issuing NRA quotation(s) which if the Shipper or Consignee accepts, the acceptance will be noted in a writing herein and shall also serve as a booking. The offer terms provided by Carrier contained in the writing(s) shall be a valid offer for thirty (30) days, unless otherwise rescinded by the Carrier prior to receiving Shipper’s acceptance. Carrier’s receipt of Shipper’s or Consignee’s acceptance in writing constitutes final acceptance by Shipper or Consignee of this offer, and the terms of the NRA shall bind the parties. The effective date of the NRA shall be the date of Carrier’s receipt of Shipper’s and/or Consignee’s acceptance herein. All applicable origin and destination local terminal and/or port charges shall apply to all NRAs. Rates may not be modified in an NRA after the time the shipment is received by the Carrier or its agent (including originating carriers in the case of through transportation).

A. SUBSTITUTED SERVICE

This provision shall govern the transfer of cargo by trucking or other means of transportation at the expense of the Ocean Carrier. B. INTERMODAL SERVICE

Carrier will provide through intermodal service via all combinations of air, barge, motor and rail service.

Intermodal Rates will be shown as single-factor through rates as specified in individual NRAs. Carrier's liability will be determined in accordance with the provisions indicated in their Bill of Lading (Rule 8 herein). AMENDMENT NO. 1 (C)

Rule 2A: Application of NRAs and Charges

Effective: 10NOV2017 Thru: NONE Expires: NONE Publish: 10NOV2017

1. NRAs are stated in terms of U.S. Currency and or local currencies, as applicable, and apply per 1 Cubic Meter (M) or 1,000 Kilos (W), as indicated, whichever basis yields the greater revenue, except as otherwise specified. Where the word "Weight" or the letter "W" appears next to an article or commodity, weight rates are applicable without regard to measurement. Where the word "Measurement" or the letter "M" appears next to an article or commodity, measurement rates are applicable without regard to weight. NRAs and other charges shall be based on the actual gross weight and/or overall measurement of each piece or package, except as otherwise provided.

NRAs indicated by W/M or WM are optional weight or measurement rates and the rate yielding the greater revenue will be charged.

2. Except as otherwise provided, all "Port" (i.e., Port-to-Port) rules published herein apply from/to places where the common carrier originates or terminates its actual ocean carriage of cargo. Tolls, Wharfage, Cost of Landing, and all other expenses beyond the port terminal area are for account of Owner, Shipper or Consignee of the cargo and all such expenses levied in the first instance against the Carrier will be billed in an equal amount to the Owner, Shipper or Consignee of the Cargo.

NRAs are applicable from Inland Points which lie beyond port terminal areas. Such NRAs will be shown as single-factor through NRAs.

Such NRAs shall be inclusive of all charges pertinent to the transportation of cargo and not including Customs clearance assessments or Forwarding Charges, except as provided.

Alternatively, at shipper's or consignee's request, carrier will arrange for inland transportation as shipper's or consignee's agent. All associated costs will be for the account of the cargo. Overland carriers will be utilized on an availability of service basis and not restricted to any preferred Carriers, except as Ocean Carrier deems necessary to guarantee safe and efficient movement of said cargo. (See item 16, re: Advanced Charges.)

Carrier shall not be obligated to transport the goods in any particular type of container or by any particular Vessel, Train, Motor, Barge or Air Carrier, or in time for any particular market or otherwise than with reasonable dispatch. Selection of Water Carriers, Railways, Motor, Barge or Air Carrier used for all or any portion of the transportation of the goods shall be within the sole discretion of the Ocean Carrier.

3. Packages containing articles of more than one description shall be rated on the basis of the NRA provided for the highest rated articles contained therein.

4. NRAs do not include Marine Insurance or Consular fees.

5. Description of commodities shall be uniform on all copies of the Bill of Lading and MUST be in conformity with the validated United States Export Declaration covering the shipment. Carrier must verify the Bill of Lading description with the validated United States Export Declaration. Shipper amendments in the description of the goods will only be accepted if validated by United States Customs. Trade names are not acceptable commodity descriptions and shippers are required to declare their commodity by its generally accepted generic or common name.

6. Unless otherwise specified, when the NRAs are based on the value of the commodity, such commodity value will be the F.O.B. or F.A.S. value at the port of loading as indicated on the Commercial Invoice, the Custom Entry, the Import/Export Declaration or the Shipper's Certificate of Origin. The F.O.B. value and the F.A.S. value include all expenses up to delivery at the Loading Port.

7. The NRA shown except where predicated on specifically lower values or on an ad valorem basis, are subject to Bill of Lading limit of value.

8. Except as otherwise provided, NRAs apply only to the specific commodity named and cannot be applied to analogous articles.

9. FORCE MAJEURE CLAUSE: "Without prejudice to any rights or privileges of the Carrier's under covering Bills of Lading, dock receipts, or booking contracts or under applicable provisions of law, in the event of war, hostilities, warlike operations, embargoes, blockades, port congestion, strikes or labor disturbances, regulations of any governmental authority pertaining thereto or any other official interferences with commercial intercourse arising from the above conditions and affecting the Carrier's operations, the Carrier reserves the right to cancel any outstanding booking or contract in conformity with Federal Maritime Commission Regulations."

10. Any Tollage, Wharfage, Handling and/or other charges assessed against the cargo at Ports of Loading/Discharge will be for the account of the cargo. Any Tollage, Wharfage, Handling and/or Charges at Port of Loading in connection with storage, handling and receipt of cargo before loading on the vessel shall be for the account of the cargo.

Any Additional Charges which may be imposed upon the cargo by Governmental Authorities will be for the account of the cargo.

Rule 2-020: Diversion By Carrier

Effective: 10NOV2017 Thru: NONE Expires: NONE Publish: 10NOV2017

When the Ocean Carrier discharges cargo at a terminal port other than the port named in the ocean bill of lading, the ocean carrier may arrange, at its option, for movement via rail, truck or water, of the shipment from the port of actual discharge only as indicated hereunder:

1. To ocean carrier's terminal (motor, rail or water), at port of destination declared on the bill of lading at the expense of the ocean carrier. Carrier may, at their convenience, deliver cargo to ports en-route between Carrier discharging terminal and carrier's delivery terminal provided the NRAs are already provided for such destinations in individual commodity items.
2. The ocean carrier may forward cargo direct to a point designated by the consignee, provided the consignee pays the cost which he would normally have incurred either by rail, truck or water, to such point if the cargo has been discharged at the terminal port named in the ocean bill of lading within any commercial zone, such payment by the consignee shall be the cost he would normally have incurred to such point of delivery.

NOTE: In the event of cargo being discharged at carrier's convenience at a port other than the port of destination named in the bill of lading, the NRA applicable to the port of destination named in the bill of lading shall be assessed. AMENDMENT NO. 1 (C)
Rule 2-030: Container Weight Regulations (SOLAS)

Effective: 01JUL2016 Thru: NONE Expires: NONE Publish: 01JUL2016

1. Upon tender of cargo to Carrier, Shipper shall provide to Carrier a Shipper Actual Gross Mass Weight Verification ("VGM") which meets the requirements of the International Maritime Organization (IMO) per its Guidelines relating to the Safety of Life at Sea Convention (SOLAS) for the export of containerized cargo. Carrier shall charge for coordination of the VGM with respect to the timely delivery of same to the appropriate ocean carrier and/or terminal operator as the Shipper and Carrier may otherwise agree to in writing relating to specific difficulties which may or may not be present in the specific shipper's requirements.
2. If a Shipper does not provide a satisfactory VGM to Carrier prior to tendering the cargo to Carrier, Carrier has the right to refuse to accept such cargo until one is provided to Carrier or if Carrier does accept container(s) from Shipper it may lawfully opt to not deliver the container(s) to the ocean terminals for loading on a vessel until it does receive a satisfactory VGM. Any expenses, charges, penalties or claims which may result from the untimely or non-receipt of an acceptable VGM is for the account of Shipper.
3. At Carrier's sole option, Carrier can arrange to obtain a VGM on Shipper's behalf provided that Carrier agrees to do so in writing and by Shipper providing an executed written authorization for Carrier to do so in a format acceptable to Carrier whereby Carrier agrees to act as an agent on Shipper's behalf solely for that purpose. Accepting that function shall not otherwise alter Carrier's relationship as an independent contractor as Carrier. Shipper agrees that in this case, Carrier may name itself as an additional party to the VGM. In the event that Carrier agrees to provide this service Carrier shall charge for coordination of the VGM with respect to the timely delivery of same to the appropriate ocean carrier and/or terminal operator as the Shipper and Carrier may otherwise agree to in writing relating to specific difficulties which may or may not be present in the specific shipper's requirements.
4. VGM's provided by the Shipper to Carrier pursuant to the IMO SOLAS Guidelines shall have been obtained from either Method 1 as described by SOLAS, which requires that the full container load was weighed after it was packed, and/or Method 2 which requires weighing all the cargo and contents of the container and adding the tare weight of the container as indicated on the door of the container.

5. Whether Method 1 or Method 2 is utilized by the Shipper, for the shipper's weight verification to be compliant with the IMO SOLAS Guidelines requirement, it must be "signed", meaning a specific person representing the shipper is named and identified as having verified the accuracy of the weight calculation on behalf of the shipper. Identification of the person signing requires that their full name, address, and phone number/e-mail address be provided. Carrier shall electronically transmit or otherwise deliver said VGM to the underlying ocean carrier. Carrier's charges for this service shall be as the Shipper and Carrier may otherwise agree to in writing relating to specific difficulties which may or may not be present in the specific shipper's requirements.
6. Method 2 shall not be allowed by Carrier for scrap metal, un-bagged grain and other cargo in bulk "that "do not easily lend themselves to individual weighing of the items to be packed in the container."
7. Carrier will not accept estimates of weight, and the weighing equipment used must meet national certification and calibration requirements. Further, the party packing the container cannot use the weight somebody else has provided, except that individual, original sealed packages that have the accurate mass of the packages and cargo items (including any other material such as packing material and refrigerants inside the packages) are clearly and permanently marked on their surfaces.
8. If containers are delivered to the piers/terminals by the Carrier without a satisfactory VGM and the loading port has appropriate weighing facilities, all charges, fees, and/ or penalties with respect to weighing subject container shall be for the account of the Shipper.
9. Carrier shall not be responsible for charges, fees, penalties or other claims for containers for which a verified weight was provided prior to loading in a preceding load port and which may be loaded in transshipment ports which may require another VGM whether or not the SOLAS Guidelines require such reweighing.
10. Shippers who tender less-than-container load ("LCL"), whether beneficiary cargo owners, or non-vessel operating common carriers shall similarly provide VGMs for cargo tendered to Carrier loading facilities, and are subject to all weight regulations herein. Carrier reserves the option of weighing LCL cargo or full container loads ("FCL") loaded at the premises of Carrier or on behalf of Carrier by third parties, and to produce a corresponding VGM for charges as the Shipper and Carrier may otherwise agree to in writing relating to specific difficulties which may or may not be present in the specific shipper's requirements.
11. Shipper shall be solely responsible for all charges and fees from ocean carriers and/or terminals resulting from any VGMs improperly provided by Shipper and/or third parties, or for any other reason whatsoever, including charges and fees relating to demurrage, detention, per diem, related to ocean carriers' and terminals' implementation of SOLAS. Carrier shall not be responsible for any "roll overs" of Shipper's container(s) related to VGM reasons whereby the containers are not loaded on a particular vessel.

AMENDMENT NO. 1 (C)

Rule 2-060: Measurement And Weight

Effective: 10NOV2017 Thru: NONE Expires: NONE Publish: 10NOV2017

Tariff reference to "W" and "M" signify 1,000 kilos and 1 cubic meter respectively. Whenever freight charges are assessed on a W/M "weight or measurement" basis or where rates are provided on both a "W" and "M" basis, the freight charges will be computed on the gross weight or the overall measurement of the pieces or packages, whichever computation produces the greater revenue to the Carrier.

1. All packages will be measured in CENTIMETRES and weight in KILOGRAMMES.

2. Rounding off- Dimensions

Where parts of centimeter occur in dimensions, such parts below 0.5 cm. are to be ignored, and those of 0.5 cm. And over are to be rounded off to the centimeter above.

3. Calculating Cubic Measurements

The three dimensions in centimeters (rounded off in accordance with (2)) are to be multiplied together to produce the cube of one package or piece in cubic meters to six decimals.

In case of a single package the decimals are to be rounded off at the second decimal, i.e., if the third decimal is below 5 the second decimal remains unaltered; if the third decimal is 5 or higher the second decimal is to be adjusted upwards.

In the case of multiple packages of like dimensions the cube on one package to six decimals is to be multiplied by the number of packages and the total cube is then to be rounded off to two decimals under the foregoing procedure.

4. OFFICIAL MEASURERS AND WEIGHERS

The straight loaded shipments of consolidator Cargo, stuffed at Carrier's nominated off dock CY locations, does not require measuring/weighing for purposes of confirming volume/weight of cargo. For such shipments, however, there must be a certificate from an officially appointed Sworn Measurer to confirm the exact location at which the shipment was stuffed into the container.

5. MISDESCRIPTION, UNDERWEIGHTS AND UNDERMEASUREMENT

A. The carrier at loading port will assess freight on the shipments on the basis of the gross weights and/or measurements declared or deemed to have been declared by Shippers. Such assessment is subject to the terms and conditions of the carrier's Bill of Lading. Notwithstanding the foregoing Carrier may arrange at the port/point of destination for the verification of the description, measurement or weights of all such shipments as they, at their sole discretion, may decide and in all such cases the description, measurements or weights so obtained shall be used for determining the correct amount of freight which has to be paid and expense incurred should be for account of cargo.

B. If the gross weights and/or measurements declared by the Shippers are less than those ascertained and if the Shippers, by notification to the Carrier, within seven (7) days of the vessels sailing from port of loading or the consignees, by notification to the Carrier prior to the shipment leaving the custody of the Carrier, maintain that the gross weights and/or measurements stated by them are correct, freight shall be assessed provisionally on the controllers' figures and subsequently adjusted, if necessary, after an outturn reweighing and/or re-measuring. If such outturn re-weighing, re-measuring and/or resurveying shows that the gross weights, measurements and/or description were understated and/or misdeclared by the Shippers, re-measuring and/or resurveying shall be for the account of the cargo.

Rule 2-070: Overweight Containers

Effective: 10NOV2017 Thru: NONE Expires: NONE Publish: 10NOV2017

Shipper/Consignee for CY origin shipments shall be jointly severally and absolutely liable for any fine, penalty or other sanction imposed upon carrier, its agent motor/rail carrier by authority for exceeding lawful over-the-weight limitations in connection with any transportation services provided under this tariff and occasioned by any act of commission or omission of the shipper/consignee, its agent or contractors, and without regard to intent, negligence or any other factor. When carrier pays any such fine or penalty and assumes any other cost or burden, arising from such an event, it shall be on behalf of and for benefit of the cargo interest and carrier shall be entitled to full reimbursement therefore upon presentation of an appropriate invoice. Nothing in this rule shall require carrier, its agents or motor/rail carrier to resist, dispute or otherwise oppose the levy of such a fine, penalty or other sanction and carrier shall not have any liability to the cargo interest should it not do so. Any charges incurred in re-handling cargo to comply with maximum weight restrictions will be for the account of the cargo.

The party responsible (i.e., the shipper or the consignee) for the shipment exceeding any lawful weight limitation shall indemnify and hold the ocean carrier transporting the shipment, its agents and the motor/rail carrier(s), harmless from any and all damages or liability from claims by whomever brought arising in whole or in part from the shipment exceeding any lawful weight limitation. Rule 2-090:	Diversion of Cargo (By Shipper or Consignee)

Effective: 10NOV2017 Thru: NONE Expires: NONE Publish: 10NOV2017

A request for diversion of a shipment will be considered as an amendment to the contract of carriage and will be subject to the following definitions, conditions and charges:

A. Definition of Diversion:

Any change in the original billed destination (which may also include a change in Consignee, order party, or both). A change in Consignee, order party or both will not be considered as diversion of cargo.

B. Conditions:

1. Requests must be received in writing by the carrier prior to the arrival of the vessel at Discharge Port. Carrier will make diligent effort to execute the request but will not be responsible if such service is operationally impractical or cannot be provided.
2. Cargo moving under a non-negotiable Bill of Lading may be diverted at the request of shipper or consignee. Cargo moving under a negotiable Bill of Lading may be diverted by any party surrendering the properly endorsed original Bill of Lading. Cargo moving under a negotiable Bill of Lading may also be diverted by the shipper or consignee at the carrier's sole discretion without receipt by the carrier of the original negotiable Bill of Lading so long as a new negotiable Bill of Lading is not requested or issued by the carrier. If a new negotiable Bill of Lading is requested by the shipper or consignee, the original negotiable Bill of Lading must be surrendered to the carrier prior to issuance of the new negotiable Bill of Lading.
3. This rule will apply to full Bill of Lading quantities or full container loads only.
4. A shipment may only be diverted once. Shipper may request cancellation of the original diversion request, resulting in delivery of the cargo to the original billed destination, provided that such request is received prior to arrival of vessel at Discharge Port, and provided that all diversion charges as set out in C. below, applicable to the original diversion request, are paid in full prior to the cancellation request being accepted by the carrier. In no instance will any refund of the diversion charges be made in the event of a cancellation. Any additional expenses incurred by the carrier will be for the account of the cargo.
5. Cargo, which, upon request of Merchant (stowage permitting), is diverted to a Port of Discharge within the Scope of this Tariff other than that shown in the Bill of Lading, shall be assessed the actual amount of expense incurred by Carrier, or as per carrier tariff at time of shipment, whichever is higher, plus, at the sole discretion of the Carrier, depending on the relevant administrative burdens resulting from the diversion, an administrative fee of up to \$50/BL for cargo received and diversion requested prior to vessel departure, or up to \$300/BL for cargo received and diversion requested post vessel departure, from origin port.
6. Diversion charges or administrative charge are payable by the party requesting the diversion.

1. In the event Carrier submits advance cargo declaration data to the U.S. Customs Service for cargo loaded on a vessel at a non-U.S. port, a Cargo Declaration Data Charge shall be payable to Carrier for each bill of lading issued by Carrier or, if the shipper tendering the cargo to Carrier has issued one or more of its bills of lading.

AMENDMENT NO. 1 (C)

Rule 2-170: SUBMISSION OF CARGO DECLARATION DATA

Effective: 10NOV2017 Thru: NONE Expires: NONE Publish: 10NOV2017

A. SUBMISSION OF CARGO DECLARATION DATA; DEADLINE FOR SAME.

Pursuant to Customs regulations effective December 2, 2002, Carrier is required to submit certain cargo declaration data for all cargo on board a vessel that will call in the United States (i.e., U.S. import cargo and foreign destination cargo remaining on board the vessel) to the U.S. Customs Service not later than 24 hours prior to the time the cargo is loaded on Carrier's vessel at each non-U.S. port of loading. In order to enable Carrier to comply with this requirement, except as provided in paragraph B of this rule, any person tendering cargo to Carrier that is to be transported to the United States or that will be on a

vessel when that vessel calls in the United States must provide the following information regarding such cargo to Carrier in writing (including by electronic transmission) in sufficient time for Carrier to transmit the data to the Customs Service at least 24 hours prior to the loading of the cargo on Carrier's vessel. Failure to comply with these requirements will result in cargo not being loaded.

1. A precise description of the cargo (or the 6-digit HTS number under which cargo is classified) and weight of the cargo or, for a sealed container, the shipper's declared description and weight of the cargo. The quantity of cargo shall be expressed in the lowest external packaging unit (e.g., a container containing 10 pallets with 200 cases shall be described as 200 cases). Generic descriptions, including, but not limited to, 'FAK,' 'General Cargo,' 'Chemicals,' 'Foodstuffs,' and terms such as 'Said to Contain' are NOT acceptable descriptions.

2. Shipper's complete name and address, or the identification number issued to the shipper by the U.S. Customs Service upon implementation of the Automated Commercial Environment ('ACE').

3. Complete name and address of the consignee, owner or owner's representative, or its ACE identification number.

4. Internationally recognized hazardous material code when such materials are being shipped.

5. Seal numbers for all seals affixed to the container.

B. TIME FOR SUBMISSION OF DATA BY SHIPPERS TO CARRIER.

Except as otherwise provided below, the time for shipper to submit data to Carrier shall be as follows:

1. Shippers who submit their shipping instructions in paper format will be required to submit their shipping instructions to Carrier no later than seventy-two (72) hours prior to vessel arrival at the foreign port of load. This applies to all U.S. destined cargo as well as cargo intended to be transshipped at a U.S. port and cargo that will remain on the vessel for carriage to a non-U.S. port.

C. CERTAIN NON-VESSEL OPERATING COMMON CARRIERS.

Non-vessel operating common carriers ('NVOCCs') that are licensed by or registered with the FMC and that have obtained Customs bonds may submit the required inbound cargo declaration data directly to the U.S. Customs Service in accordance with Customs Service regulations and guidelines. For purposes of this provision, an NVOCC is registered with the FMC if it has been issued an Organization Number by the FMC, has published a valid and effective rules tariff, and has posted the required financial security with the FMC.

1. Certification. Any NVOCC that submits cargo declaration information directly to the Customs Service shall, unless notified by the Carrier pursuant to subparagraph C(1) above that it is not required to do so, in lieu of the information required to be submitted pursuant to paragraph A of this rule, provide the Carrier, not later than the deadline for shipper submission of cargo information under paragraph B of this rule, with a written certification stating that the required inbound cargo declaration data for its cargo has been transmitted to the U.S. Customs Service in a timely and accurate manner. Such certification shall describe the cargo tendered with sufficient specificity (including container number) that Carrier may readily identify such cargo.

2. NVOCC Co-Loading. For purposes of this paragraph, the term 'Master NVOCC' shall mean the NVOCC that is the customer of the Carrier and tenders co-loaded cargo to the Carrier in its name. In the event the Master NVOCC submits cargo declaration data for co-loaded cargo directly to the Customs Service, it shall do so for all NVOCCs with which it co-loads. In the event the Master NVOCC does not submit cargo declaration data for co-loaded cargo directly to the Customs Service but NVOCCs with which it co-loads transmit cargo declaration data for their cargoes directly to the Customs Service, it shall be the obligation of the Master NVOCC to provide Carrier with the certification described in subparagraph C (1) with respect to all co-loaded cargo tendered to Carrier by the Master NVOCC.

3. All NVOCCs shall be subject to Paragraphs D and E of this rule.

D. FAILURE TO PROVIDE INFORMATION; DENIAL OF PERMISSION TO LOAD CARGO.

1. In the event Carrier fails to provide the required inbound cargo declaration data to the U.S. Customs Service for all cargo to be loaded on its vessel within the time period required by Customs Service regulations it may, among other things, be assessed a civil penalty, denied permission to unload the cargo for which information was not timely provided, and/or denied permission to unload any cargo from the vessel on which the cargo is moving. Accordingly, Carrier may refuse to load any cargo tendered to it for which it has not received either (i) the data required by paragraph A of this rule by the deadline specified pursuant to paragraph B; or (ii) the certification required by paragraph C of this rule by the deadline specified therein.

2. Any and all costs incurred by Carrier with respect to cargo in its possession which is not loaded due to the non-provision of information or certification, or which is not loaded pursuant to the instructions of the U.S. Customs Service (regardless of whether or not the required data or certification has been provided for such cargo), including but not limited to inspection, storage and/or re-delivery costs, shall be for the account of the cargo. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including reasonable attorneys' fees and expenses) incurred in connection with such legal action.

E. INDEMNIFICATION OF CARRIER.

If Carrier is assessed a civil penalty or fine or is denied permission to unload cargo, because of the failure of any and all shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) to provide the information required by this rule and/or by the regulations or guidelines of the U.S. Customs Service in a complete and accurate manner, then such shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) shall be jointly and severally liable to indemnify and reimburse Carrier for any such penalty or fine and any and all costs, damages or liability, direct, indirect, special or consequential, incurred by the Carrier as a result of the denial of permission to unload cargo or any delays related thereto. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts

(and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including attorneys' fees) incurred in connection with such legal action.

F. CONFIDENTIALITY. Carrier acknowledges that the information required by the Customs Service may constitute confidential information that is not generally available to the public. Carrier, in accordance with the requirements of Section 10(b)(13) of the Shipping Act of 1984, as amended, will keep confidential, to the extent permitted by law, all Shipper bill of lading information, including information related to underlying shippers and commodities in respect of containers of less than container load cargo containing shipments by more than one Shipper.

G. DOCUMENTATION CHARGES. See Rule Nos. 2-150 for charges to apply.

Except as otherwise provided in paragraph below, hazardous, explosive, flammable or dangerous cargo, as defined in the publications named below, will be accepted by the Carrier for transportation under the rules, charges and rates named in NRAs governed by this Tariff:

1. ONLY after prior booking and arrangements have been made with and accepted by the Ocean Carrier;

Carrier reserves the right to refuse to accept or transport cargo which, in the judgment of the Carrier, is opprobrious or likely to injure vessel, docks, terminals, rail cars, trucks or other cargo, or for which the Carrier CANNOT provide or obtain safe and suitable terminal space or stowage. Further Carrier will refuse any shipment of hazardous, explosive, flammable, dangerous or objectionable cargo when shipping containers, marking, labels, certifications, packing or packaging of such cargo is NOT in accordance, and strict compliance, with the rules, regulations and provisions in the publications named below.
5. All commodities required to be carried on-deck of transporting vessel, either in the open or under cover, or which if stowed below deck must be stowed in a "magazine", or which cannot be loaded or unloaded without a permit from the U.S. Coast Guard, shall be considered, for Tariff purposes, hazardous or dangerous cargo, and will be rated accordingly.
6. The hazardous cargo named below will NOT be accepted for transportation by the Carrier or its connecting Carriers for transportation under the rules, regulations governed by this Tariff:

Classes A and B Explosives

8. When booking hazardous cargo, Shipper and/or his agent MUST inform Carrier accurately and completely of the true character of the cargo together with the information noted below in writing, or it MUST be confirmed in writing when arrangements and booking has been made verbally:

Carrier will compare declarations on all documentation provided at the time of shipment for possible errors; however, it is, and shall remain, the sole responsibility of the Shipper to insure that all such documentation is correct and complete. Further, it is the Shipper's responsibility to insure that all pieces, packages and units in the shipment are clearly and properly marked with the required labels and placards.

11. When required by law, governmental regulations, the regulations specified in the publications listed above or by underlying VOCC utilized, it is necessary to forward hazardous cargo separately from non-hazardous cargo, the hazardous
