Applicant grants Alba a security interest in Applicant's imported merchandise. Alba shall perfect its security interest in that merchandise in any way permissible under the applicable law, including by filing a UCC-1 financing statement. Applicant understands and agrees that each set of applicable terms and conditions of contract contains a contractual limitation of Alba's liability and that Applicant shall, in each instance, have the opportunity to choose between two or more levels of liability. Applicant understands and agrees that it shall have the option under each set of applicable terms and conditions of contract to ship or store goods and to pay (A) Alba's regular/lower rates for goods with limited value and a corresponding limited liability for Alba or (B) increased rates for goods not so limited in value and a corresponding increased level of liability for Alba. Applicant agrees to reimburse Alba for freight charges it has paid, without setoff. Applicant understands and agrees that all shipments are delivered conditionally and subject to the applicable specific and general liens stated in Alba's applicable terms and conditions of contract and under law, including under California Civil Code section 3051.5. Alba has the right to sell any property of Applicant in Alba's possession or control to recover any unpaid charges as to any other property of Applicant, which understands and agrees that Alba's general lien shall survive delivery. I am an officer of Applicant with authority to sign this Contract on Applicant's behalf. I have read the Contract and I understand and agree to it. I affirm that all above information is correct and without omission of any material fact or circumstance that could bear upon Applicant's creditworthiness.
